Islam's 'forgotten story'

Nick Higham takes a look at Islam's contribution to science and technology at a Science Museum exhibition

00.00 / 02.32

An exhibition tracing the "forgotten story" of 1000 years of Muslim science will open at the Science Museum in London today. It will feature triumphs of Islamic science and technology, including a six metre-high 13th century clock, medieval medical instruments and a model of Zheng.

Correspondent Nick Higham took a look at the exhibition.
